

Student Assignments

Python

Before reading the book

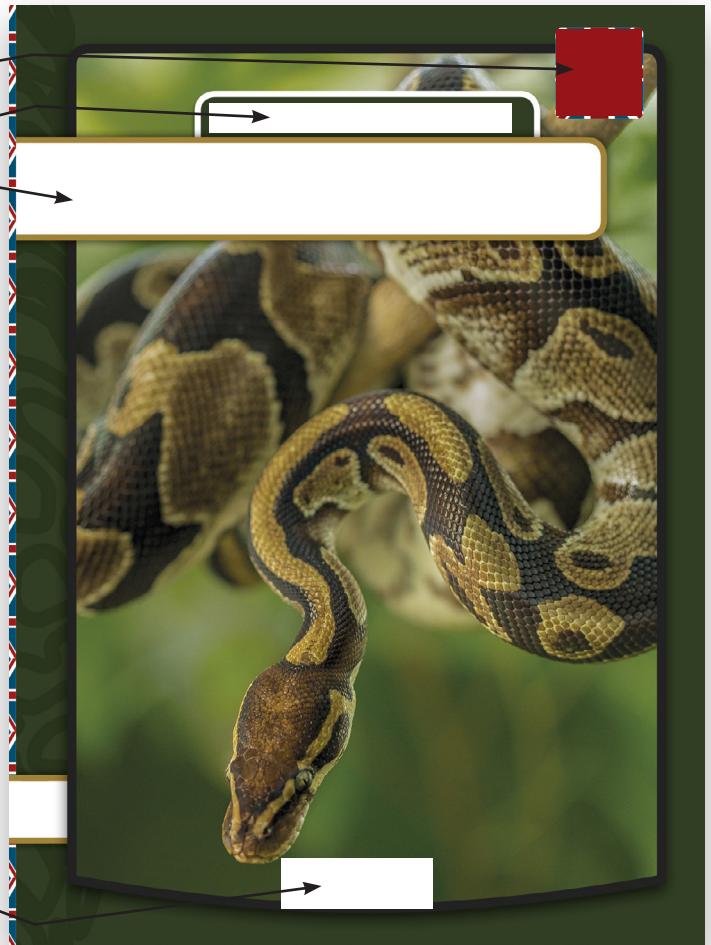

Look at the cover of the book.
Fill in the missing information.

Series

Author

Title

Publisher

Write what you see on the cover of the book.

Student Assignments

Read the text on the back cover. Complete the sentences.

A python is ...

It eats ...

It can ...

What words do you think about when you read the word “python” and look at the photo on the cover of the book?

Write the words in the boxes.

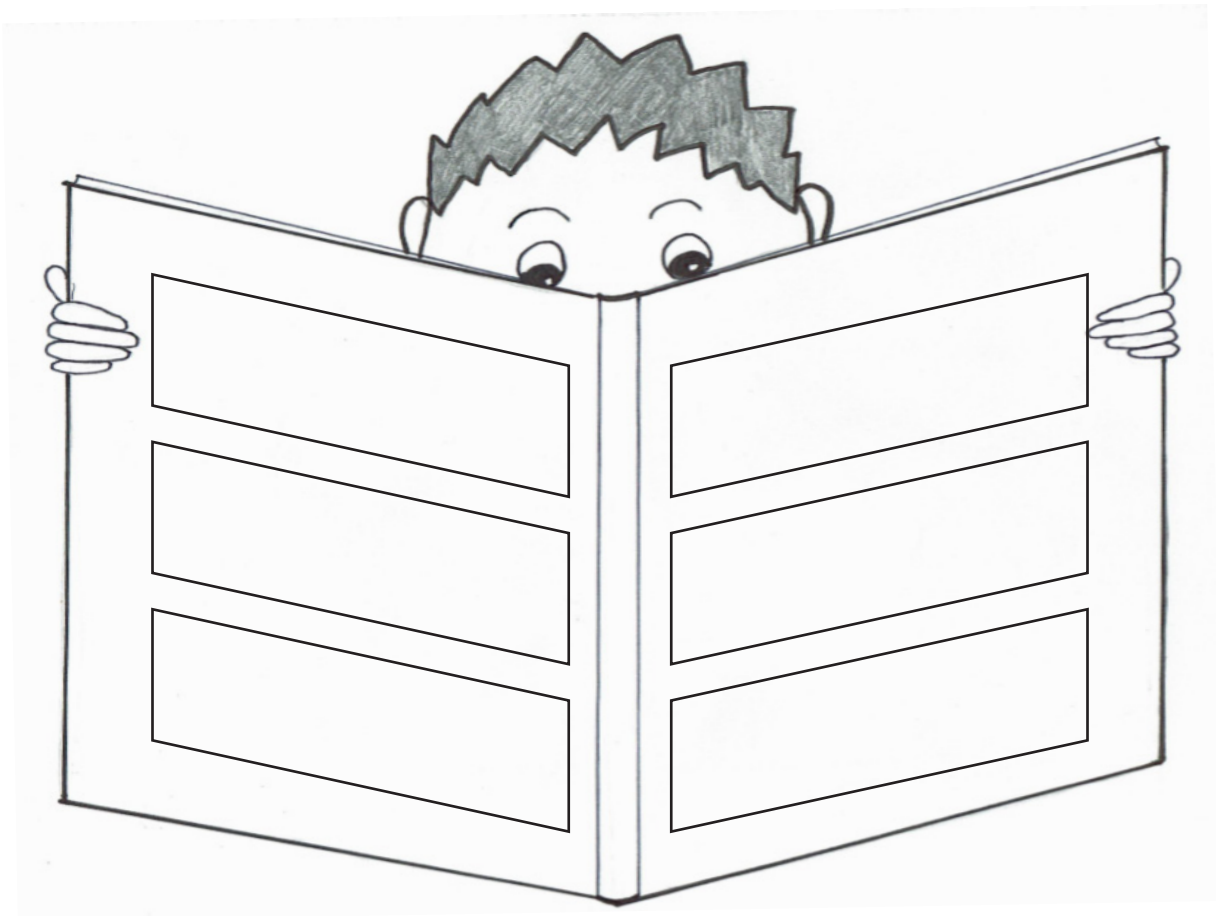

The diagram consists of the word "Python" in a bold, dark red font at the center. Surrounding it are six empty rectangular boxes, three on each side. Each box has a small, double-lined pointer pointing towards the central word "Python".

Student Assignments

Read page 3, "Contents".

How many chapters are in the book? "Read more" and "Keywords" are not chapters.

Fill in the names of the book's chapters.

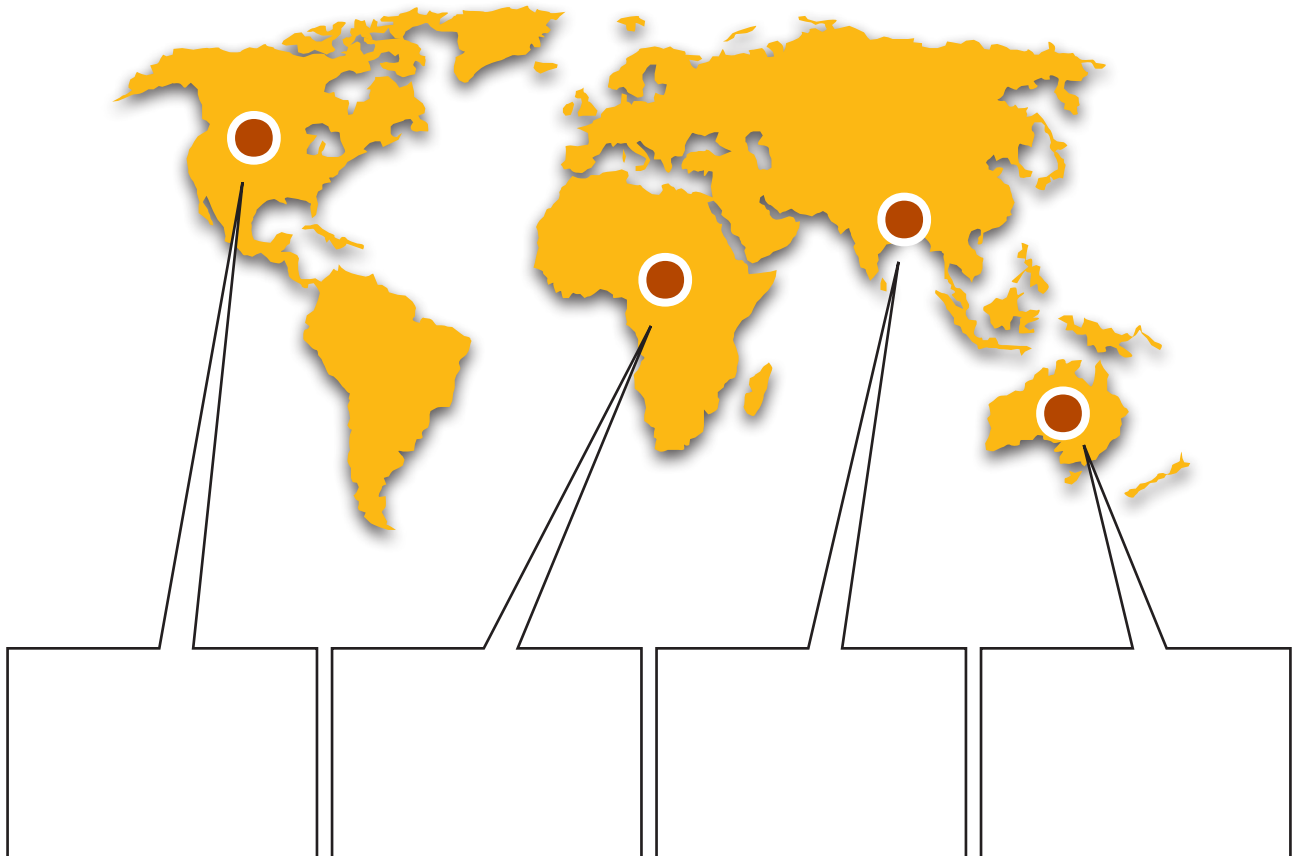

On what page do you find "Keywords"?

Student Assignments

While reading the book

Write the names of the continents where pythons live.

Facts about pythons

What are the names of the three heaviest snakes and how much do they weigh?

What does a small python eat?

What does a large python eat?

Student Assignments

How does a large python kill its prey?

Write about the photo. What is the snake eating?
How can it eat such a big animal?

Pythons are often green or brown. Write about how they hide.

Brown pythons

Green pythons

How does a python smell things?

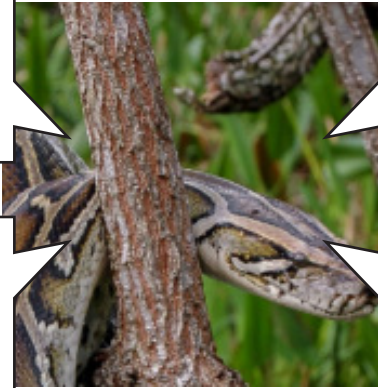

Student Assignments

Write about pythons:

Babies

Enemies

Pets

Skin

After reading the book

Read more and Keywords.

How can you see a python eat an alligator?

Student Assignments

Keywords.

On what pages can you read about a python's *Prey*?

On what pages can you read about its *Enemies*?

On what pages can you read about *Snakelings*?

Choose one of these two assignments.

1.

You are going to visit your best friend. On your way you see something in the grass. It is a snake. What do you do? And what do you tell your friend afterwards?

Write a story about it or act it out in class with a classmate.

Use what you have learned after reading this book about pythons.

Student Assignments

2.
Write about the photographs.
